

## Churches of Christ, Scientist

You will be warmly welcomed at Sunday services, which include inspiring readings from the Bible and *Science and Health with Key to the Scriptures* by Mary Baker Eddy and singing. These weekly Bible Lessons are read in Christian Science churches around the world. They share timeless, healing truths that are practical today. At the same hour, students up to age 20 meet in Sunday school classes where they are encouraged to ask questions and learn how to relate and apply Bible lessons and spiritual facts to their lives. Wednesday evening testimony meetings begin with inspired readings from the Bible and *Science and Health*, followed by attendees' expressions of gratitude for healings and inspiration.

## The Tenets of Christian Science:

1. As adherents of Truth, we take the inspired Word of the Bible as our sufficient guide to eternal Life.
  2. We acknowledge and adore one supreme and infinite God. We acknowledge His Son, one Christ; the Holy Ghost or divine Comforter; and man in God's image and likeness.
  3. We acknowledge God's forgiveness of sin in the destruction of sin and the spiritual understanding that casts out evil as unreal. But the belief in sin is punished so long as the belief lasts.
  4. We acknowledge Jesus' atonement as the evidence of divine, efficacious Love, unfolding man's unity with God through Christ Jesus the Way-shower; and we acknowledge that man is saved through Christ, through Truth, Life, and Love as demonstrated by the Galilean Prophet in healing the sick and overcoming sin and death.
  5. We acknowledge that the crucifixion of Jesus and his resurrection served to uplift faith to understand eternal Life, even the allness of Soul, Spirit, and the nothingness of matter.
  6. And we solemnly promise to watch, and pray for that Mind to be in us which was also in Christ Jesus; to do unto others as we would have them do unto us; and to be merciful, just, and pure.
- Science and Health with Key to the Scriptures*, by Mary Baker Eddy, page 497.

**Science and Health with Key to the Scriptures**, by Mary Baker Eddy is a life-changing book, and it transforms one's assumptions about life and existence while explaining the spiritual meaning of the Bible and the practical application of Jesus' teachings. *Science and Health* explores our spiritual relationship with all-loving infinite God/good. Understanding this relationship is both uplifting and practical. Everyone has the God-given ability to find healing from sin, sickness, conflict, and lack. Christian Science breaks down the imaginary wall separating religion and science and reveals the unity of Truth. *Science and Health* can be purchased at any Christian Science Reading Room and at bookstores.
